## COUNCIL COMMUNICATION

AGENDA TITLE: Public Hearing to Consider Refuse Rate Adjustment Application from Central Valley Waste Services, Inc. (CVWS)

MEETING DATE: April 5, 2000

PREPARED BY: Public Works Director

RECOMMENDED ACTION: That the City Council conduct a public hearing to consider the refuse rate adjustment application from Central Valley Waste Services, Inc. (CVWS), and adopt the attached ordinances implementing the appropriate adjustments.

BACKGROUND INFORMATION: Over the past eight years, City Council has followed a rate methodology, adopted by Council December 4, 1991, for establishing residential and commercial refuse collection rates in the City of Lodi. In accordance with this methodology, CVWS has requested a rate adjustment of 1.03%, or an increase of \$0.19 per month on the standard 38-gallon residential rate.

This year's application, the second year of a two-year adjustment cycle, is based on a composite cost index formula. The detailed analysis of the rate adjustment takes place in alternate years and will be done in 2001.

The submittal made by CVWS for the rate increase has been reviewed in context with the Index Year Rate Procedure for the Rate Methodology and was found to be in conformance. CVWS has requested the adjustment become effective April 1. However, the new rate will take effect immediately after adoption (April 6, 2000) rather than on April 1, 2000. The new billing system instituted by our Finance Department last year will automatically account for this effective date.

As requested by the Council when the public hearing date was set, CVWS will have a presentation to answer questions about the operation of the company.

FUNDING: Not applicable.

Section 8. The City Council of the City of Lodi hereby finds and declares pursuant to Public Resources Code §21080 that such rates are necessary and reasonable for the usual operating expenses of the franchisee, including employee wages and benefits and for the purpose of purchasing facilities, equipment and materials necessary to implement and carry out a Council-mandated recycling program, and for other health and safety purposes.
